The Tanenbaum Center for Interreligious Understanding: Prepare New York

Tanenbaum Center for Interreligious Understanding

9/11 Educator Resources

The Tanenbaum Center for Interreligious Understanding has created one-of-a-kind educational resources on the aftermath of 9/11, and religion-based bias that has affected numerous communities in this last decade. Tanenbaum has had over ten years of experience in creating instructional materials for teachers that are used in schools nationwide.

These materials are meant to be used by both teachers and students, to "promote critical analysis and support educators addressing these sensitive topics.” The Sikh Coalition was asked to take a lead role in providing information for many of the topics including the Sikh experience: World Religions, Opposition to Places of Worship & Religious Practices in the U.S., and Hate Groups/Hate Crimes/Bullying/Harassment. Read more about these resources, here.
Let's Get Real

Groundspark

- Appropriate for grades 6-8
- 30-minute video and curriculum guide
- Can be easily adapted for use by high school teachers, counselors, administrators, and youth-service organizations. Provides planning and preparation tips, pre-film and post-film activities, and additional assignments and resources. Intended for bias against race, religion, gender, sexual orientation, body size and immigration status.
- More information can be found [here](#).

Sikh Community: Over 100 Years in the Pacific Northwest

Sikh Coalition and the Wing Luke Asian Museum

- This booklet was created to retain the exhibit Sikh Community: Over 100 Years in the Pacific Northwest that was housed at the Wing Luke Asian Museum in 2006.
- Email education@sikhcoalition.org for a copy.
